**NOTICE OF
PREHEARING CONFERENCE**

Prehearing Conference Date:	Wednesday, December 19, 2001, 1:30 p.m.
Conference Location:	Public Service Commission, 610 North Whitney Way, Madison, WI (Amnicon Falls Hearing Room – 1st Floor)

THIS IS A PROCEEDING to consider Wisconsin Power and Light Company's (WP&L) August 1, 2001, application under Wis. Stat. §§ 196.03(1) and (3), 196.20(1) and 196.37(1), (2), and (3), for authority to increase its electric, natural gas, and Beloit water and Ripon water rates in such amounts as will permit WP&L to yield revenues sufficient to meet increased costs of service and produce a reasonable return on its investment. WP&L's filing requests an \$85,874,000 (13.75 percent) increase for electric operations, a \$26,110,000 (14.03 percent) increase for natural gas operations, a \$1,589,000 (44.64 percent) increase for Beloit water operations, and a \$332,000 (34.32 percent) increase for Ripon water operations. On August 31, 2001, WP&L filed its electric, natural gas, and water cost-of-service studies and rate design information.

WP&L is also requesting an annual increase in electric retail revenues in the amount of \$7,961,920. WP&L states that this amount is the revenue requirement impact of replacing steam generators at the Kewaunee Nuclear Power Plant (KNPP). In addition, WP&L seeks an annual increase in electric retail revenues in the amount of \$11,234,206 for incremental costs associated with the KNPP accelerated five-year program to adopt current industry standards in order to resolve issues identified by the Nuclear Regulatory Commission. As a result, WP&L is requesting an increase for retail electric operations that totals \$105,070,126 (16.82 percent). Copies of the application can be obtained by a written request to Wisconsin Power and Light Company, P.O. Box 192, Madison, WI 53701-0192.
